Full name of 'Mahatma Gandhi' was Mohandas Karamchand Gandhi. He was born in Porebandar of Gujarat, India on 2 October 1869. After passing the Matric Examination he went to England for higher studies. Gandhiji completed his law in England and came back to India in 1893. He started his career as a lawyer.

Social Life of Gandhiji was started in South Africa. In South Africa he faced many hurdles. He discovered that the white men were ill treating the dark Indians there. He himself was tortured and insulted by the white often. One day, he was travelling in a first class compartment of a train. He had booked a ticket for him. Still he was evened and pushed out of the compartment by the white men. Gandhiji fought against this unjust and cruel treatment. He observed Satyagraha there and became successful.

“BAPU – FATHER OF THE NATION”

Gandhiji returned to India and took part in freedom fight. He was sent to jail many times. Now all the countrymen were with him. He started the Non-cooperation in 1930 and the Quit India Movement in 1942. He became famous as the 'Father of Nation'. Lastly India wins freedom on 15th August 1947.

Gandhi's style of living was very simple. He was follower of 'Simple living, high thinking'. He taught us the lesson of 'Ahimsa'. He removed the caste barrier in India. He was a reformer. He was shot dead by an Indian on his way to attend a prayer on 30 January, 1948. Mahatma Gandhi is remembered in the world for his major virtues.

SPC – Shetty Sir's Psychological Corner

Shetty Sir Says

We all suffer from Imaginations than by the actual facts.

My leg is in my brain.

Pain is inevitable; but Suffering is optional.

Manage the bouncer well and wait for a loose ball to hit a sixer.

Don't downgrade your dream to match your reality, upgrade your faith to match your destiny. So Be Happy always.

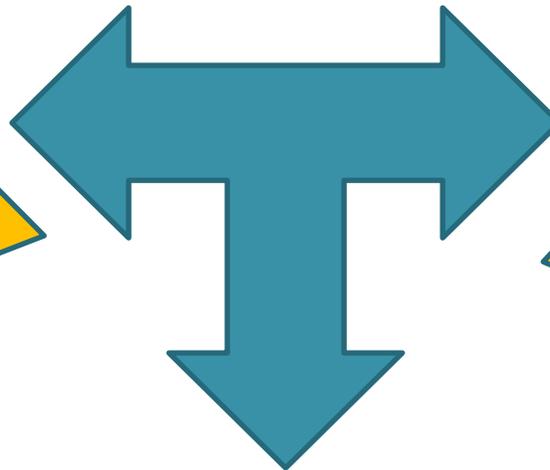

Whenever you find yourself doubting how far you can go just remember, how far you have come. Remember everything you have faced, all the battles you have won, and all the fears you have overcome.

Suggestive Measures to be implemented

If we have to presume that the economy cannot function without liquor tax, let the Government levy heavy amount of taxes. I am not suggesting 100% or 200%, let the item which was available for ₹ 100 be sold at ₹ 10,000. The rich can afford to buy the same while the poor may not be able to do so.

If there is a person who is so addicted that his life or health is in danger due to non-availability of alcohol, let the Government identify certain hospitals in some areas, admit them and give them liquor or medicine temporarily, as the case may be, to save such lives.

IMPACT OF LIQUOR ON ECONOMY

Let the Government introduce a scheme where every liquor shop must collect the Aadhar card of the person who is buying alcohol and that Aadhar card number should be connected to the Government system in such a way that no benefit of the Government, such as supply of ration and other basic necessities should be provided to them because a person who can afford to buy liquor at this crisis time of COVID -19, can surely afford to buy basic necessities such as food.

These measures will ensure that

- The rich will buy alcohol and the Government can collect tax from them.
- The poor may not buy liquor and families will be saved.

Thoughts to think through

- There are many other ways in which the revenue of the state can be maximized.
- The quality of life will surely improve for many families with the ban on liquor.
- There will be reduction in crime rates and domestic violence because of ban on liquor.
- When a member in the family buys liquor, the child in the family is deprived of food, education and better quality of life.

IMPACT OF LIQUOR ON ECONOMY

- Ban on liquor will have a good impact in the life of daily bread winner if he was a drinking addict prior to ban.
- One of the golden opportunities during COVID-19 lockdown lost by the people of India due to reintroduction of liquor.

Some famous quotes...

- When you open five liquor shops, you will end up opening one new jail.
- Mahatma Gandhiji.

• If you want to decide anything just use the principle below.

Anything which is easy to start and difficult to leave is a very bad habit, anything which is difficult to start and easy to leave is Good habit.

This is purely a personal opinion and also the collective opinion of CAPS foundation and may not be the opinion of the public at large. I sincerely request the concerned people to take note of the same and implement necessary steps so that our country shall prosper.

Thank You!

Give Life a Meaning

Prajwal CA Foundation April 2019 batch

Amidst all the chaos, smile today.
Instead of treasuring,
the pieces of regret, and
uttering, "What if I had done those
things". Go chase your dreams.
When its morning, sun emerges,
when the lights go dark,
stars start to align,
Like every other day,
this too shall pass,
but what you achieve, each day,
makes worth living.

Stop mourning, at things you lost.
Start running,
after your dreams.
Remember,
miracles can happen,
at jiff of time.
You reap what you sow,
If you plant hard work,
You reap success.
If you plant care,
you reap the same.
If something is,
bruising, and you feel helpless.

Give Life a Meaning

Prajwal CA Foundation April 2019 batch

Life has better plans,
for everyone.
Start counting,
on your blessings,
celebrate small moments.
If your heart hurts,
let go of those thing...
that lets you down,
no matter whatever,
its people or anything,
just erase them.

You stood strong,
through rough storms,
but see, pain is temporary, so
keep going.
May not today, or tomorrow,
eventually,
it will subside and remember,
you have only you, when you
don't, have anyone else. Live
with purpose,
Share love, Praise the beauty,
and, Give life a meaning, Give
life a meaning to live.

Exam Mantra

--*Extract from Wikipedia*

It's quite obvious for any student to get stressed or anxious when he/she is going to appear for a professional exam. But, dear students! there's nothing so extraordinary about the professional exam as it is similar to any other regular exam that you have appeared in earlier. You will be given a blend of easy and complex questions to answer, the same as in other exams. You feel stressed and anxious about the exams. Actually, the whole game is played by your brain which tries to exaggerate the things in tough situations. All you need is to control your brain and keep it healthy and calm.

Below you will get a few tips on how you can train your brain to stay fearless and work properly during the exam days:

- ❖ **Eat good and frequent meals.**
- ❖ **Sleep well and at fixed times.**
- ❖ **Exercise your brain for peace.**
- ❖ **Make an organized study schedule.**
- ❖ **Reward yourself with positive thoughts.**
- ❖ **Take small, frequent study breaks.**
- ❖ **Finally, Just understand that exams are not the end of life.**

So, Just gear up and give a best shot. ALL THE BEST!!!
