Feedback

Known as the 'missile woman' of India, Tessy Thomas is a scientist at the Defence Research and Development Organisation (DRDO). She served as the Project Director for the Agni IV and V missiles, making her the first woman to lead missile teams in India. These are intercontinental ballistic missiles that have very high ranges and are capable of carrying nuclear warheads. Dr. Thomas' expertise on the solid propellant systems were critical in the development of the re-entry system of the missile, which helped it withstand great velocities and temperatures of 3,000° Celsius on re-entering the atmosphere.

Dr. Thomas has received several prestigious awards for her work, including the 'DRDO Scientist of the Year', in 2008, DRDO Performance Excellence Award for 2011 and 2012, India Today Women of the Year award in 2009, Lal Bahadur Shastri National Award for Excellence in Public Administration in 2012, CNN-IBN Indian of the Year in 2012, Sir Mokshagundam Visvesvaraya Award in 2016, and Outstanding Woman Achiever Award by Women in Science and Engineering (WISE).

**Gender does not matter.  
You work as a scientist, not as a woman**

## **ACCEPTABILITY – 126%**

***“Indifference to evil is more insidious than evil itself. It is a silent justification affording evil acceptability in society”***

Acceptability means the quality of being accepted. Acceptance, especially during changing situations, is key to success.

World is ever changing, so do we !! Accepting the things the way they are and adjusting according to the requirement of the situation is the order of the present day society. ‘What cannot be cured must be endured’.

### **View points of Acceptability :**

- **Situational** – Acceptability depends on the situation and hence flexibility is twin brother of acceptability. E.g., Student scoring 95% + in 12th standard may score 70%+ in CA.
- **Person Specific** – Matters told by friends may not be acceptable whereas the same matters told by elders may be accepted and vice versa..

- **Classification** – The acceptability depends on situation, condition, people, time etc. Nevertheless they can be generally classified into –
  - Universally acceptable – say, Patriotism
  - Partially acceptable – say, Present Education System
  - Unacceptable – say, Unjust enrichment
- **Win – Win Situation** – Acceptability leads to win-win situation so that all parties involved can feel good about the outcome.
- **Assertive** – Assertive acceptability through diplomatic dissent is also one form of acceptability.

*“It is easier to put on slippers than to carpet the whole world”*

***SPC Message :***

***Opportunities are like sunrises. If you wait too long, you miss them.***

## 1. Book of the month- 1000+ Little Things Happy Successful People Do Differently by Marc Chernoff

Millions of readers turn to Marc and Angel Chernoff for fresh, intimate insights for a fulfilled life. In this pithy and empowering guide, they collect the very best advice they've discovered, on topics that include overcoming setbacks, letting go of what's holding us back, nurturing relationships, finding time for self-care, and cultivating passion in order to achieve our wildest dreams.

## 2. Word of the month: dysmorphia

Deformity or abnormality in the shape or size of a specified part of the body:

## 3. Concept of the month: Point Nemo

Point Nemo is the location in the ocean that is farthest from land. This remote oceanic location is located at coordinates 48°52.6'S 123°23.6'W, about 2,688 kilometers from the nearest land—Ducie Island, part of the Pitcairn Islands, to the north; Motu Nui, one of the Easter Islands, to the northeast; and Maher Island, part of Antarctica, to the south.

## 4. Gita For Life-Chapter 1 Arjuna Vishaadha Yoga(Verse 36-37)

निहत्य धार्तराष्ट्रान्नः का प्रीतिः स्याज्जनार्दन ।  
पापमेवाश्रयेदस्मान् हत्वैतानाततायिनः ॥ 36 ॥  
तस्मान्नार्हा वयं हन्तुं धार्तराष्ट्रान् स्वबान्धवान् ।  
स्वजनं हि कथं हत्वा सुखिनः स्याम माधव ॥ 37 ॥

Maintainer of all living entities, what pleasure will we derive from killing the sons of Dhritarashtra? Even though they may be aggressors, sin will certainly come upon us if we slay them. Hence, it does not behoove us to kill our own cousins, the sons of Dhritarashtra, and friends. O Madhav (Krishna), how can we hope to be happy by killing our own kinsmen?

## 5. Mankuthimmana Kagga

ಗಾಳಿ ಮಣ್ಣುಂಡೆಯೊಳಹೊಕ್ಕು ಹೊರಹೊರಳದು | ಆಳನಿಪುದಂತಾಗದಿರೆ ಬರಿಯ ಹೆಂಟೆ  
||ಬಾಳೇನು ಧೂಳು ಸುಳಿ, ಮರ ತಿಕ್ಕಿದುರಿಯ ಹೊಗೆ | ಕ್ಷೇಳವೇನಮೃತವೇಂ - ಮಂಕುತಿಮ್ಮ ||

By itself air will not go in & out of a lump of mud. If there is no life - then body is as good as a lump of mud. Usually people attribute breath and warmth as proof of life. But the same is found in a whirlwind (breath) and also when dead wood rub against each other (warmth). What then is the source of life? What is poison? What is elixir? How do they effect life? – Mankutimma

## **6. Inspirational story-Just Be**

One evening, after spending several days with his new wife, a man leaned over and whispered into her ear, “I love you.”

She smiled – and the man smiled back – and she said, “When I’m eighty years old and I’m thinking back on my entire life, I know I will remember this moment.”

A few minutes later, she drifted off to sleep.

The man was left with the silence of the room and the soft sound of his wife’s breathing.

He stayed awake, thinking about everything they had done together, from their first date to their first vacation together and ultimately to their big wedding. These were just some of the life choices that the couple had made together that had led to this very moment of silence in the presence of each other.

At one point, the man then realized that it didn’t matter what they had done or where they had gone. Nor did it matter where they were going.

The only thing that mattered was the serenity of that very moment.

Just being together. Breathing together. And resting together.

### **The Moral:**

We can’t let the clock, calendar, or pressure from external sources take over our lives and allow us to forget the fact that every moment of our lives is a gift and a miracle – no matter how small or seemingly insignificant it is.

Being mindful in the special moments that you spend in the presence of the ones that you love are the moments that truly give your life meaning.
